A SINGLE, INNOVATIVE APPLICATOR FOR ALL SYNOVEX® IMPLANTS

The SX10 Precision Applicator:

- Features an exclusive retractable needle for consistent and accurate administration
- Helps prevent crushed or bunched implants
- Promotes employee efficiency during processing
- Eliminates the need for multiple implant applicators for different implant potency

A TEAM OF EXPERTS TO HELP YOU GET THE MOST OUT OF EVERY IMPLANT

With every SYNOVEX® implant, you can leverage the expertise of the industry's largest support team, including:

- Your local representative
- The Technical Services Team of nutritionists, veterinarians and meat scientists
- Veterinary Medical Information and Product Support (VMIPS)
